INSTRUCTIONS

WR GRACE PIQ 58405-0002

This Questionnaire refers to any lawsuit that you filed before April 2, 2001 for an "asbestos-related personal injury or wrois intended to cover any lawsuit alleging any claim for personal injuries or damages that relates to: (a) exposure to any products or materials containing
asbestos that were manufactured, sold, supplied, produced, specified, selected, distributed or in any way marketed by one or more of the Debtors (or any
of their respective past or present affiliates, or any of the predecessors of any of the Debtors or any of their respective past or present affiliates), or (b)
exposure to vermiculite mined, milled or processed by the Debtors (or any of their respective past or present affiliates, any of the predecessors of any of
the Debtors or any of their predecessors' respective past or present affiliates). It includes claims in the nature of or sounding in tort, or under contract,
warranty, guarantee, contribution, joint and several liability, subrogation, reimbursement, or indemnity, or any other theory of law or equity, or admiralty
for, relating to, or arising out of, resulting from, or attributable to, directly or indirectly, death, bodily injury, sickness, disease, or other personal injuries
or other damages caused, or allegedly caused, directly or indirectly, and arising or allegedly arising, directly or indirectly, from acts or omissions of one
or more of the Debtors. It includes all such claims, debts, obligations or liabilities for compensatory damages such as loss of consortium, personal or bodily
injury (whether physical, emotional or otherwise), wrongful death, survivorship, proximate, consequential, general, special, and punitive damages.

Your Questionnaire will be deemed filed only when it has been received by Rust Consulting Inc., the Claims Processing Agent, via U.S. Mail, Federal
Express, United Parcel Service or similar hand delivery service. A Questionnaire that is submitted by facsimile, telecopy or other electronic transmission
will not be accepted and will not be deemed filed.

Do not send any Questionnaire to the Debtors, counsel for the Debtors, the Future Claimants Representative, the Official Committee of Unsecured Creditors, the Official Committee of Asbestos Personal Injury Claimants, the Official Committee of Asbestos Property Damage Claimants, the Official Committee of Equity Security Holders, or such Committees' counsel. Questionnaires that are filed with or sent to anyone other than Rust Consulting, Inc. will be deemed not to have been submitted, and such Questionnaires will not be considered.

- 3. Your completed Questionnaire must (i) be written in English, and (ii) attach relevant supporting materials as instructed further below.
- 4. All holders of claims described on page i (and as described in further detail in Instruction A (1) above) are required to file this Questionnaire by Jan. 12, 2006. Your Questionnaire will be used in connection with the estimation hearing to be conducted by the Court pursuant to the Estimation Procedures Order (a copy of which is attached as Appendix B).
- 5. Any subsequent amendment to the Questionnaire will not be considered for any purpose unless received by Jan. 12, 2006.

B. PART I - Identity of Injured Person and Legal Counsel

Respond to all applicable questions. If you are represented by a lawyer, then in Part I (b), please provide your lawyer's name and the name, telephone number and address of his/her firm. If you are represented by a lawyer, he/she must assist in the completion of this Questionnaire. Also, if you would prefer that the Debtors send any additional materials only to your lawyer, instead of sending such materials to you, then check the box indicating this in Part I (b).

All references to "you" or the like in Parts I through X shall mean the injured person. If the injured person is deceased, then the executor of the person's will (or similar estate representative) must complete this Ouestionnaire.

C. PART II - Asbestos-Related Condition(s)

Please indicate all asbestos-related medical conditions for which you have been diagnosed. To complete questions related to injuries, medical diagnoses, and/or conditions, please use the following categories of customarily diagnosed conditions:

- Asbestos-Related Lung Cancer
- Other Cancer (colon, laryngeal, esophageal, pharyngeal, or stomach)
- Clinically Severe Asbestosis
- Asbestosis
- Other Asbestos Disease

If you have been diagnosed with multiple conditions and/or if you received diagnoses and diagnostic tests relating to the same condition by multiple doctors, please complete a separate Part II for each initial diagnosis and any previous or subsequent diagnoses or diagnostic tests that change or conflict with the initial diagnosis. For your convenience, additional copies of Part II are attached as Appendix C to this Questionnaire.

Supporting Documents for Diagnosis: This Questionnaire must be accompanied by copies, with access to originals upon request, of any and all documents you, your counsel, or your doctors have or subsequently obtain that support or conflict with your diagnosis.

X-rays and B-reads: Please attach all x-ray reading and reports. You may, but are not required to, attach chest x-rays. The court, however, has ruled that Grace may seek access to chest x-rays upon request.

Pulmonary Function Tests: Please attach all pulmonary function test results, including the actual raw data and all spirometric tracings, on which the results are based.

In Part III, please provide the requested information for the job and site at which you were exposed to Grace asbestos-contain

of exposure to each Grace asbestos-containing product. If your exposure was a result of your employment, use the list of occl to indicate your occupation and the industry in which you worked at each site. If you allege exposure to Grace asbestos-containing products at multiple sites, the Court has ordered that you must complete a separate Part III for each site. For your convenience, additional copies of Part III are attached as Appendix D

Attach copies of any and all documents establishing that exposure to Grace asbestos-containing products had a substantial causal role in the development of

E. PART IV - Indirect Exposure to Grace Ashestos-Containing Products

In Part IV, please provide the information requested for any injury alleged to have been caused by exposure to Grace asbestos contact/proximity with another injured person. If you allege exposure through contact/proximity with multiple injured persons, plk IV for each injured person. For your convenience, additional copies of Part IV are attached as Appendix E to this Questionnaire.

F. PART V - Exposure to Non-Grace Asbestos-Containing Products

In Part V, please provide the requested information for each party against which you have filed a lawsuit and/or claim alleging exposure to asbestos-containing products other than Grace products. If you filed such lawsuits and/or claims against multiple parties, the Court has ordered that you must complete a separate Part V for each party. If exposure was in connection with your employment, use the list of occupation and industry codes in Part III to indicate your occupation and the industry in which you worked. For your convenience, additional copies of Part V are attached as Appendix F to this Questionnaire.

G. PART VI - Employment History

In Part VI, please provide the information requested for each industrial job you have held, other than jobs already listed in Parts III or V. Use the list of occupation and industry codes in the instructions to Part III to indicate your occupation and the industry in which you worked for each job. Please use the copy of Part VI attached as Appendix G to this Questionnaire if additional space is needed.

H. PART VII — Litigation and Claims Regarding Asbestos and/or Silica in Part VII, please describe any lawsuits and/or claims that were filed by you or on your behalf regarding asbestos or silical

I. PART VIII - Claims by Dependents or Related Persons
Part VIII is to be completed only by dependents or related persons (such as spouse or child) of an injured person who sued the Debtors before April 2, 2001 for an asbestos-related personal injury or wrongful death claim against Grace not involving physical injury to him-herself on account of his/her own exposure.

One example of such a claim would be a claim for loss of consortium. If you are asserting such a claim, complete the entire Questionnaire, providing all information and documentation regarding the injured person.

J. PART IX - Supporting Documentation
In Part IX, please mark the boxes next to each type of document that you are submitting with this Questionnaire. As indicated in the instructions to Parts II and III, this Questionnaire must be accompanied by copies, with access to originals upon request, of any and all documents you, your counsel, or your doctors have or subsequently obtain that (a) support or conflict with your diagnosis and/or (b) establish exposure to Grace asbestos-containing products as having a substantial causal role in the development of the medical diagnoses, and/or conditions claimed. Original documents provided to Grace will be returned within a reasonable time after its professionals and experts have reviewed the documents.

Grace will reimburse your reasonable expenses incurred in providing (a) copies of depositions you have given in lawsuits in which Grace was not a party and/or (b) any documents you have previously provided to Grace in prior litigation. Please indicate the documents for which you are seeking reimbursement and attach a receipt for such cost.

K. PART X - Attestation that Information is True, Accurate and Complete

By signing Part X, you, the injured person, are attesting and swearing, under penalty of perjury, that, to the best of your knowledge, all of the information in this Questionnaire is true, accurate and complete. If the injured person is deceased, then the executor of the person's will (or similar estate representative) must complete and sign Part X on behalf of the injured person.

The legal representative of the injured person must complete and sign Part X where indicated.

CLAIMANT'S OBJECTIONS AND RESPONSES TO THE W.R. GRACE ASBESTOS PERSONAL INJURY QUESTIONNAIRE

Claimant¹ by and through his counsel, LeBlanc & Waddell, LLP, submits the following objections and responses to the "W.R. Grace Asbestos Personal Injury Questionnaire" ("Questionnaire"). In order to maintain the integrity of the formatting on Debtor's Questionnaire, Claimant has set out all of his/her general and specific objections in the following separate sections of this response and hereby incorporates each of these objections into Claimant's Questionnaire responses by reference herein.

<u>CLAIMANT'S GENERAL OBJECTIONS TO THE W.R. GRACE ASBESTOS</u> <u>PERSONAL INJURY QUESTIONNAIRE</u>

Claimant hereby files these objections in response to the Questionnaire propounded by W.R. Grace.

- 1. Claimant objects to the Questionnaire and its Instructions to the extent that they impose discovery obligations beyond those of the Federal Rules of Bankruptcy Procedure and/or the rules of civil procedure in the state where Claimant filed an asbestos personal injury lawsuit. Claimant will respond to the discovery Questionnaire in accordance with those rules. Claimant objects to the Instructions as they make document requests that are overly broad, harassing, and not reasonably calculated to lead to the discovery of admissible evidence. Claimant contends that the burden and expense of responding to Debtor's Questionnaire in the format requested by Debtor outweighs its likely benefit.
- 2. Claimant objects to the Questionnaire and its Instructions to the extent that they seek information or identification of documents that are attorney work product, subject to the attorney-client or consulting expert privileges, or are otherwise not discoverable under the Federal Rules of Bankruptcy Procedure or the rules of civil procedure in the state where Claimant filed an asbestos personal injury lawsuit. Claimant further objects to the Questionnaire and its Instructions to the extent it seeks disclosure of facts known or opinions held by any expert who has been retained or specially employed in anticipation of litigation or preparation for trial and who is not expected to be called as a witness at trial. Inadvertent disclosure of any such information or documents shall not constitute waiver of any privilege.

Throughout these Objections and Responses, the "Claimant" means the person identified in the Questionnaire Part I, Subsection a, whether living or deceased, who has or had an alleged asbestos-related disease and who filed an asbestos-related lawsuit either directly or through his/her Estate.

- 3. By providing responses to the Questionnaire, the claimant does not concede that information provided is discoverable, relevant, or admissible. All responses are provided subject to the objections set forth herein. Each claimant reserves the right to challenge further discovery into the subject matter of the Questionnaire.
- 4. Claimant objects to any request in the Questionnaire that seeks any information that is not in the Claimant's control, custody, or possession; is already in the control, custody or possession of the Debtor; or is obtainable with equal or greater facility by the Debtor. The answers to the majority of the questions in Debtor's Questionnaire may be derived or ascertained from interrogatory responses and documents produced in connection with Claimant's asbestos personal injury lawsuit to which Debtor was a party prior to filing for bankruptcy ("Claimant's Asbestos Lawsuit"). Because the burden of deriving or ascertaining the answer is substantially the same for Debtor as for Claimant, Claimant has specified in Claimant's Questionnaire response the document from which the answer may be derived as permitted by Rule 33(d) of the Federal Rules of Civil Procedure as incorporated by Rule 7033 of the Federal Rules of Bankruptcy Procedure.
- 5. In response to this Questionnaire, Claimant objects to the extent that the questions are vague, ambiguous and premature. Moreover, Claimant objects to this Questionnaire to the extent that the scope and content of the information sought is unreasonably cumulative and duplicative.
- 6. Claimant objects to this Questionnaire to the extent it requires Claimant to compile documents or information from sources not presently available to Claimants, including documents created or compiled by third parties. Claimant objects to the Questionnaire to the extent it purports to require Claimant to gather and summarize information contained in voluminous papers that are already matters of public record.
- 7. Claimant objects to this Questionnaire to the extent that the questions and their discreet sub-parts exceed twenty-five (25) in number.
- 8. By submitting this response to the Questionnaire, Claimant does not intend to, and hereby does not, submit to the jurisdiction of the United States District Court for the District of Delaware, to the United States Bankruptcy Court for the District of Delaware, or to any other court. Claimant reserves (i) all objections to jurisdiction and/or venue, (ii) all protections afforded under Federal Rule of Civil Procedure 45 and Federal Bankruptcy Rule of Procedure 9016, and (iii) the right to jury trial afforded under 28 U.S.C. § 157(b)(5).

CLAIMANT'S SPECIFIC OBJECTIONS TO THE W.R. GRACE ASBESTOS PERSONAL INJURY QUESTIONNAIRE

INSTRUCTIONS

- 1. Claimant objects to Instruction A.1 to the extent that it purports to include claims under contract, warranty, guarantee, contribution, joint and several liability, subrogation, reimbursement or indemnity on the ground that it is overly broad and requests information that is not relevant to the subject matter of the estimation proceeding.
- 2. Claimant objects to Instruction C in its entirety and Instruction J regarding medical supporting documentation on the ground that it is vague, ambiguous and exceeds the scope of discovery in that it seeks information and documents from experts that is not discoverable and is subject to the work product and consulting expert privileges. Claimant further objects to the portion of the instruction requiring claimant to "complete a separate Part II for each initial diagnosis and any previous or subsequent diagnosis or diagnostic tests that change or conflict with the initial diagnosis", on the ground that the burden outweighs its likely benefit. Claimant further objects to the instruction to attach all x-ray readings and reports and all pulmonary function test ("PFT") results on the ground that it is overly broad and ambiguous. Claimant further objects to the Discovery Questionnaire to the extent that it seeks disclosure of facts known or opinions held by any expert who has been retained or specially employed in anticipation of litigation or preparation for trial and who is not expected to be called as a witness at trial. Without limiting the foregoing, Claimant objects to the following provisions of the Discovery Questionnaire as violative of Fed. R. Civ. P. 26(b)(4)(B):
 - (a). Claimant objects to Section C of the Instructions to the extent that it requests the completion of Part II of the Discovery Questionnaire "if you received diagnoses and diagnostic tests relating to the same condition by multiple doctors."
 - (b). Claimant objects to Section C of the Instructions to the extent that it requests the production of "any and all documents" that "support or conflict with your diagnosis."
 - (c). Claimant objects to Section C of the Instructions to the extent that it requests the production of "all x-ray readings and reports."
 - (d). Claimant objects to Section C of the Instructions to the extent that it requests the production of "all pulmonary function test results, including the raw data and all spirometric tracings, on which the results are based."
 - (e). Claimant objects to Section J of the Instructions to the extent that it requests the production of "any and all documents" that "support or conflict with your diagnosis."
 - (f). Claimant objects to Part II of the Discovery Questionnaire to the extent that it requests disclosure of "diagnoses and diagnostic tests" by "multiple doctors" concerning "previous or subsequent diagnoses or diagnostic tests that change or conflict with the original diagnoses." Claimant urges this objection with regard to all "conditions" for which disclosure is requested.

WR GRACE PIO SBADS-002A

Subject to the foregoing, Claimant will attach any x-rays, B-reads, pulmonary fitests or pathology reports considered by Claimant's medical expert in forming his/her opinion in connection with Claimant's Asbestos Lawsuit.

3. Claimant objects to Instruction D to the extent that it requests Claimant to "attach copies of any and all documents establishing that exposure to Grace asbestos-containing products had a substantial causal role in the development of the disease" on the ground that it is ambiguous and exceeds the scope of discovery in that it requests documents that are subject to the work product privilege. Further, Claimant has been barred by the Bankruptcy Code Section 362 stay from pursuing discovery against Debtors.

PART I: IDENTITY OF INJURED PERSONS AND LEGAL COUNSEL

Subsection (a)(7) - Daytime Telephone Number of client

Claimant objects to this inquiry on the ground that it is neither relevant nor likely to lead to the discovery of admissible evidence. Claimant is represented by counsel, as reflected herein, and may only be contacted through counsel.

PART II: ASBESTOS-RELATED CONDITION(S)

- 1. General Objections. Claimant objects to Part II of the Questionnaire in its entirety on the ground that it exceeds the scope of discovery in that it seeks information not relevant to the estimation proceeding, information that is privileged, and information from experts that is non-discoverable and is subject to the consulting expert and work product privileges. Additionally, the information sought may be derived from the Claimant's discoverable medical records, which are attached to the Questionnaire. Claimant further objects on the ground that the information requested by this question and its sub-parts is equally available to the Debtor in that it may be derived from Claimant's discoverable medical reports attached to the Questionnaire. Claimant further objects to the Discovery Questionnaire to the extent that it seeks disclosure of any privileged communication between Claimant, and/or a representative of Claimant, and any attorney for Claimant, and/or a representative of any attorney for Claimant. In addition, pursuant to Federal Rule of Civil Procedure 26(b)(3), Claimant objects to the Discovery Questionnaire to the extent that it seeks disclosure of the work product of any attorney for Claimant, including but not limited to the mental impressions, conclusions, opinions or legal theories of any attorney or other representative of Claimant.
- Subsection 1(a)-(f) Condition Being Alleged. Claimant objects to this question and each of its subparts (a-f) on the ground that it exceeds the scope of discovery in that it seeks information not relevant to the estimation proceeding, and information from experts that is non-discoverable and is subject to the consulting expert and work product privileges. Claimant further objects on the ground that the information requested by this question and its sub-parts is equally available to the Debtor in that it may be derived from the claimant's discoverable medical reports attached to the Questionnaire. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.

3. Subsection 2 - Information Regarding Diagnosis.

- a. Claimant objects to Part II, Subsection 2 on the ground that it exceeds the scope of discovery in that it seeks information that is not relevant to the subject matter of the estimation proceeding, seeks information from experts that is non-discoverable, and seeks information that is subject to the consulting expert, work product and attorney-client privileges. Claimant further objects to this question as it is not reasonable and necessary to this proceeding and is harassing. Claimant further objects to this question to the extent that it purports to require Claimant to gather and summarize information already contained in documents provided with Claimant's Questionnaire answers, and is, therefore, obtainable with equal or greater facility by the Debtors. Claimant's diagnosis of an asbestosrelated condition may be based on one or more diagnostic test(s), pathology report(s) or physical examination(s). Therefore, asking Claimant to state a "date of diagnosis" is vague and ambiguous. Subject to and without waiving the foregoing, in response to Part II, Subsection 2, Claimant has provided the date of the medical report prepared by the medical doctor designated by Claimant in Claimant's Asbestos Lawsuit to provide expert medical opinions regarding Claimant's asbestos-related disease as needed to establish the elements of Claimant's claim under state law and has answered the questions regarding such doctor, if such information was readily available. Claimant has attached to this Questionnaire a copy of such expert's report along with any available x-ray readings, pulmonary function test reports ("PFT") and/or pathology reports considered by Claimant's medical expert in forming his/her opinion in connection with Claimant's Asbestos Lawsuit. In addition to specifying and attaching a copy of the records from which the answer to Part II, subsection 2 may be derived or ascertained and without waiving Claimant's right to do so pursuant to Rule 33(d) of the Federal Rules of Civil Procedure, Claimant has set out in the Questionnaire response the information that is contained in the medical reports and that was readily available to Claimant's attorney in electronic form.
- b. Claimant further objects to the following questions in Part II, Subsection 2 regarding Claimant's relationship to the diagnosing doctor on the ground that these questions are violative of the attorney-client communication and/or attorney work product privileges, are harassing and seek information that is not relevant to the proceeding. Claimant has additional, specific objections for the questions noted below.

With respect to your relationship to the diagnosing doctor, check all applicable boxes:
Was the diagnosing doctor your personal physician? ☐ Yes ☐ No
Further, Claimant specifically objects to this question on the ground that it is vague and
ambiguous.
777 4 14 7 4 4 4 4 1 1 1 1 1 1 1 1 1 1 1
was the diagnosing doctor paid for the diagnostic services that he/she performed? \(\subseteq \text{ Yes} \subseteq \text{ No} \)
If yes, please indicate who paid for the services performed:
Did you retain counsel in order to receive any of the services performed by the diagnosing doctor? Yes No
Further, Claimant specifically objects to this question on the ground that it is violative of the
attorney-client communication and/or attorney work product privileges, is misleading and
cannot be fairly or completely answered with a "yes" or "no." Claimant retained counsel in
order to determine whether he/she had an asbestos-related claim. As part of that analysis,
Claimant's counsel referred Claimant to and/or forwarded a copy of Claimant's medical records
to a medical dector modified to aim entire monthly action a copy of Canadan's medical records
to a medical doctor qualified to give opinions regarding asbestos-related disease.
Was the diagnosing doctor referred to you by counsel? ☐ Yes ☐ No
Further, Claimant objects to this question on the ground that it is violative of the attorney-client
communication and/or attorney work product privileges. Claimant objects to this question since
"referred to you" is vague and ambiguous; therefore, the question cannot be answered with
either a "yes" or a "no." The doctor was retained by Claimant through Claimant's counsel to
provide expert medical opinions in Claimant's Asbestos Lawsuit as needed to establish the
elements of Claimant's claim under state law.
Are you aware of any relationship between the diagnosing doctor and your legal counsel? \(\subseteq \) Yes \(\subseteq \) No
Further, Claimant objects to this question on the ground that it is violative of the attorney-client
communication and/or other surrent and the free treatment that it is violative of the attorney-chent
communication and/or attorney work product privileges. Claimant objects to this question since
"relationship" is vague and ambiguous; therefore, the question cannot be answered with either a
"yes" or a "no." The doctor was retained by Claimant through Claimant's counsel to provide
expert medical opinions in Claimant's Asbestos Lawsuit as needed to establish the elements of
Claimant's claim under state law.
If yes, please explain:

Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and documents attached hereto.

4. Subsection 3 - Information Regarding Chest X-Ray (Location of X-Ray)

Claimant objects to Part II, Subsection 3 on the ground that it is harassing, and exceeds the scope of discovery in that it seeks information that is not relevant to the subject matter of the estimation proceeding, seeks information from experts that is non-discoverable, and seeks information that is subject to the consulting expert and work product privileges. Claimant further objects to this question on the ground that it is vague and ambiguous in that Claimant may have had multiple chest x-rays taken that do not change or conflict with Claimant's initial diagnosis of an asbestos-related condition and it would be duplicative, unduly burdensome and harassing to require Claimant to complete a separate Part II for each chest x-ray.

Subject to and without waiving the foregoing, please refer to Claimant's deposition, if available, and any medical records attached hereto.

5. Subsection 4 - Information Regarding Chest X-Ray Reading (Results of X

- a. Claimant objects to Part II, Subsection 4 on the ground that it exceeds the scope of discovery in that it seeks information that is not relevant to the subject matter of the estimation proceeding, information from experts that is non-discoverable. and information that is subject to the consulting expert, work product and attorney-client privileges. Claimant further objects to this question as it is not reasonable and necessary to this proceeding and is harassing. Additionally, Claimant objects to this question on the ground that it is duplicative of other questions herein, and thus is unduly burdensome. Claimant objects to this question on the ground that it is vague and ambiguous in that Claimant may have had multiple chest x-rays taken that do not change or conflict with Claimant's initial diagnosis of an asbestos-related condition and it would be duplicative, unduly burdensome and harassing to require Claimant to complete a separate Part II for each chest x-ray. Subject to and without waiving the foregoing, in response to Part II, Subsection 4, Claimant has provided information regarding Claimant's certified B-reader report considered by Claimant's medical expert in forming his/her opinion in connection with Claimant's Asbestos Lawsuit. Claimant has set out in the Questionnaire response the information relating to Claimant's certified B-reader report that was readily available to Claimant's attorney in electronic form.
- b. Claimant objects to Part II, Subsection 4 of the Discovery Questionnaire as violative of the attorney-client communication and/or attorney work product privileges to the extent that it asks: "if Claimant retained counsel in order to receive any of the services performed by the reader;" if "the reader was referred to you by counsel"; and if Claimant is "aware of any relationship between the reader and your legal counsel". Claimant further objects to the following questions in Part II, Subsection 4 regarding Claimant's relationship to the reader on the ground that these questions are harassing and seek information that is not relevant to the proceeding. Claimant has additional, specific objections for the questions noted below.

WR GRACE		

With respect to your relationship to the reader, check all applicable boxes: Was the reader paid for the diagnostic services that he/she performed? If yes, please indicate who paid for the services performed:		Yes		No	
Did you retain counsel in order to receive any of the services performed by the reader? Further, Claimant specifically objects to this question on the groun attorney-client communication and/or attorney work product priv be fairly or completely answered with a "yes" or "no." Claimant determine whether he/she had an asbestos-related claim. As part counsel referred Claimant to and/or forwarded a copy of Claimant qualified to give opinions regarding asbestos-related disease. Was the reader referred to you by counsel? Yes No Further, Claimant objects to this question on the ground that it is communication and/or attorney work product privileges. Claimant "referred to you" is vague and ambiguous; therefore, the question either a "yes" or a "no." The doctor was retained by Claimant the provide expert medical opinions in Claimant's Asbestos Lawsuit as elements of Claimant's claim under state law. Are you aware of any relationship between the reader and your legal counsel? Further, Claimant objects to this question on the ground that it is communication and/or attorney work product privileges. 6. Subsection 5 - Information Regarding Pulmonary Function Test

- Claimant objects to Part II, Subsection 5 on the ground that it exceeds the scope a. of discovery in that it seeks information that is not relevant to the subject matter of the estimation proceeding, that is non-discoverable, and that is subject to the consulting expert, work product and attorney-client privileges. Claimant further objects to this question as it is not reasonable and necessary to this proceeding and is harassing. Additionally, Claimant objects to this question to the extent that it purports to require Claimant to gather and summarize information contained in documents already provided herewith, and is thus obtainable with equal or greater facility by the Debtor. Subject to and without waiving the foregoing, in response to Part II, Subsection 5, Claimant has provided information regarding Claimant's pulmonary function test ("PFT") considered by Claimant's medical expert in forming his/her opinion in connection with Claimant's Asbestos Lawsuit. Claimant has set out in the Questionnaire response the information relating to Claimant's PFT report that was readily available to Claimant's counsel in electronic form.
- b. Claimant objects to Part II, subsection 5 of the Discovery Questionnaire as violative of the attorney-client communication and/or attorney work product privileges to the extent that it asks: "if Claimant retained counsel in order to receive any of the services performed by the testing doctor or clinician;" if "the testing doctor or clinician was referred to you by counsel"; and if Claimant is "aware of any relationship between the testing doctor or clinician and your legal

counsel".

WR GRACE PIQ 56406-0030

Claimant further objects to the following questions in Part II, Subsection regarding Claimant's relationship to the doctor or clinician who performed the pulmonary function test on the ground that these questions are harassing and seek information that is not relevant to the proceeding. Claimant has additional, specific objections for the questions noted below.

With respect to your relationship to the doctor or clinician who performed the pulmonary function test, check all applicable boxes:
If the test was performed by a doctor, was the doctor your personal physician? Yes No Further, Claimant specifically objects to this question on the ground that it is vague and ambiguous.
Was the testing doctor and/or clinician paid for the diagnostic services that he/she performed? Yes No If yes, please indicate who paid for the services performed:
Did you retain counsel in order to receive any of the services performed by the testing doctor or clinician? \(\text{ Yes } \) No Further, Claimant specifically objects to this question on the ground that it is violative of the attorney-client communication and/or attorney work product privileges, is misleading and cannot be fairly or completely answered with a "yes" or "no." Claimant retained counsel in order to determine whether he/she had an asbestos-related claim. As part of that analysis, Claimant's counsel referred Claimant to a doctor or clinician qualified to perform a pulmonary function test. Was the testing doctor or clinician referred to you by counsel? \(\text{ Yes } \) No Further, Claimant objects to this question on the ground that it is violative of the attorney-client communication and/or attorney work product privileges. Claimant objects to this question since "referred to you" is vague and ambiguous; therefore, the question cannot be answered with either a "yes" or a "no." The doctor was retained by Claimant through Claimant's counsel to provide expert medical opinions in Claimant's Asbestos Lawsuit as needed to establish the elements of Claimant's claim under state law.
Are you aware of any relationship between either the doctor or clinician and your legal counsel? Yes No Further, Claimant objects to this question on the ground that it is violative of the attorney-client communication and/or attorney work product privileges. Claimant objects to this question since "relationship" is vague and ambiguous; therefore, the question cannot be answered with either a "yes" or a "no." The doctor was retained by Claimant through Claimant's counsel to provide expert medical opinions in Claimant's Asbestos Lawsuit as needed to establish the elements of Claimant's claim under state law. If yes, please explain:

c. Claimant objects to the following questions in Part II, Subsection 5 regarding Claimant's relationship to the doctor interpreting the results of the pulmonary function test on the ground that these questions are violative of the attorney-client communication and/or attorney work product privileges, harassing and seek information that is not relevant to the proceeding. Claimant has additional, specific objections for the questions noted below.

7. Subsection 6 - Information Regarding Pathology Reports

- a. Claimant objects to Part II, Subsection 6 on the ground that it exceeds the scope of discovery in that it seeks information that is not relevant to the subject matter of the estimation proceeding, that is non-discoverable, and that is subject to the consulting expert, work product and attorney-client privileges. Claimant further objects to this question as it is not reasonable and necessary to this proceeding and is harassing. Claimant further objects to this question to the extent that it purports to require Claimant to gather and summarize information contained in documents already provided herewith, and is thus obtainable with equal or greater facility by the Debtor. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and documents attached hereto.
- b. Claimant objects to Part II, Subsection 6 of the Discovery Questionnaire as violative of the attorney-client communication and/or attorney work product privileges to the extent that it asks: "if Claimant retained counsel in order to receive any of the services performed by the doctor;" if "the doctor was referred to you by counsel"; and if Claimant is "aware of any relationship between the doctor and your legal counsel". Claimant further objects to the following questions in Part II, Subsection 6 regarding Claimant's relationship to the doctor issuing the pathology report on the ground that these questions are harassing and

seek information that is not relevant to the proceeding. Claimant has specific objections for the questions noted below.

8. Subsection 7 - Medical Treatment From Doctor for Condition Alleged

Claimant objects to this question on the ground that it exceeds the scope of discovery in that it seeks information that is not relevant to the subject matter of the estimation proceeding, that is non-discoverable, and that is subject to the consulting expert, work product and attorney-client privileges. Claimant further objects to this question as it is harassing. Additionally, Claimant objects to Part II, Subsection 7 of the Discovery Questionnaire to the extent that it asks if Claimant "retained counsel in order to receive any of the services performed by the doctor," on the ground that it is violative of the attorney-client communication and/or attorney work product privileges, is misleading and cannot be fairly or completely answered with a "yes" or "no." Claimant retained counsel in order to determine whether he/she had an asbestos-related claim.

Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and documents attached thereto.

PART III: DIRECT EXPOSURE TO GRACE ASBESTOS-CONTAINING PR

Claimant objects to Part III in its entirety on the ground that it is onerous, unduly burdensome and harassing in that it would require a great amount of time, labor and expense to create a chart of exposure to Debtor's products in the format requested by Debtor. Claimant further objects to this question to the extent that it requires Claimant to compile or summarize information made available to Debtor that is obtainable with equal or greater facility by the Debtor. Subject to and without waiving the foregoing objections, the information responsive to this request may be derived from the documents attached to Claimant's Questionnaire, including, where available, Claimant's Work History Sheet ("WHS"), Claimant's Answers to Interrogatories filed in connection with Claimant's Asbestos Lawsuit (referred to in the Questionnaire response as "interrogatory responses") and the work history sheets of some of Claimant's coworkers.

PART IV: INDIRECT EXPOSURE TO GRACE ASBESTOS-CONTAINING PRODUCTS

- 1. Claimant objects to Part IV, question 1 to the extent that it is vague and ambiguous with regard to the use of the terms "contact/proximity" and "injured person". Claimant further objects to this question on the ground that it implicitly asserts unproven conclusions as established facts. Specifically, Claimant may have been injured by exposure to Grace products as a result of contact or proximity to another person, but not necessarily an "injured" person. To the best of Claimant's ability, Claimant understands the question to ask whether Claimant's injury is caused solely by contact/proximity with another person. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.
- 2. Claimant objects to Part IV, question 2 to the extent that it is vague and ambiguous with regard to the use of the undefined term "Other Injured Person". Specifically, there may not be an "Other Injured Person" responsible for Claimant's injuries. Claimant further objects to this question to the extent that it requires Claimant to compile or summarize information made available to Debtor that is obtainable with equal or greater facility by the Debtor, or that is actually attached to this Questionnaire. Additionally, Claimant objects to this question as it exceeds the permissible scope of discovery in that it is not relevant to the subject matter of the estimation proceeding. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.
- 3. Claimant objects to Part IV, question 3 to the extent that it is vague and ambiguous with regard to the use of the undefined term "Other Injured Person". Specifically, there may not be an "Other Injured Person" responsible for Claimant's injuries. Claimant further objects to this question to the extent that it requires Claimant to compile or summarize information made available to Debtor that is obtainable with equal or greater facility by the Debtor, or that is actually attached to this Questionnaire. Additionally, Claimant objects to this question as it exceeds the permissible scope of discovery in that it is not relevant to the subject matter of the estimation proceeding. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.
- 4. Claimant objects to Part IV, question 4 to the extent that it is vague and ambiguous with regard to the use of the undefined term "Other Injured Person". Specifically, there may

WR GRACE PIQ 58405-0834

not be an "Other Injured Person" responsible for Claimant's injuries. Claimal objects to this question to the extent that it requires Claimant to compile or summarize information made available to Debtor that is obtainable with equal or greater facility by the Debtor, or that is actually attached to this Questionnaire. Additionally, Claimant objects to this question as it exceeds the permissible scope of discovery in that it is not relevant to the subject matter of the estimation proceeding. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.

- 5. Claimant objects to Part IV, question 5 to the extent that it is vague and ambiguous with regard to the use of the undefined term "Other Injured Person". Specifically, there may not be an "Other Injured Person" responsible for Claimant's injuries. Claimant further objects to this question to the extent that it requires Claimant to compile or summarize information made available to Debtor that is obtainable with equal or greater facility by the Debtor, or that is actually attached to this Questionnaire. Additionally, Claimant objects to this question as it exceeds the permissible scope of discovery in that it is not relevant to the subject matter of the estimation proceeding. Claimant also objects to this question on the ground that Claimant may not know the specific day, month, and year of another person's exposure and therefore cannot answer the question. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.
- 6. Claimant objects to Part IV, question 6 to the extent that it is vague and ambiguous with regard to the use of the undefined term "Other Injured Person". Specifically, there may not be an "Other Injured Person" responsible for Claimant's injuries. Claimant further objects to this question to the extent that it requires Claimant to compile or summarize information made available to Debtor that is obtainable with equal or greater facility by the Debtor, or that is actually attached to this Questionnaire. Additionally, Claimant objects to this question as it exceeds the permissible scope of discovery in that it is not relevant to the subject matter of the estimation proceeding. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.
- 7. Claimant objects to Part IV, question 7 to the extent that it is vague and ambiguous with regard to the use of the undefined term "Other Injured Person". Specifically, there may not be an "Other Injured Person" responsible for Claimant's injuries. Claimant further objects to this question to the extent that it requires Claimant to compile or summarize information made available to Debtor that is obtainable with equal or greater facility by the Debtor, or that is actually attached to this Questionnaire. Additionally, Claimant objects to this question as it exceeds the permissible scope of discovery in that it is not relevant to the subject matter of the estimation proceeding. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.
- 8. Claimant objects to Part IV, question 8 to the extent that it requires Claimant to compile or summarize information made available to Debtor that is obtainable with equal or greater facility by the Debtor. Claimant further objects to the use of the term "Nature" in that it is vague and ambiguous. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.
- 9. Claimant objects to Part IV, question 9 to the extent that it requires Claimant to compile

WR GRACE PIQ 56405-0035

or summarize information made available to Debtor that is obtainable with ed greater facility by the Debtor. Claimant further objects to the use of the term Nature' in that it is vague and ambiguous. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.

WR GRACE PIQ 56406-0036

Olaimant objects to Part IV, question 10 to the extent that it requires Claiman or summarize information made available to Debtor that is obtainable with equal or greater facility by the Debtor. Additionally, Claimant objects to this question on the ground that Claimant may not recall the exact day, month, and year his or her exposure began or ended, and, in that regard, this question is unduly burdensome. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.

PART V: EXPOSURE TO NON-GRACE ASBESTOS-CONTAINING PRODUCTS

Claimant objects to Part V as it exceeds the permissible scope of discovery in that it is not relevant to the subject matter of the estimation proceeding, nor reasonably calculated to lead to admissible evidence therein. Claimant objects to this interrogatory on the ground that it is unduly burdensome, onerous and harrassing in that it would require a great amount of time, labor and expense to create a chart of exposure in the format requested by Debtor and then to create a separate chart for each party against which Claimant has filed an asbestos lawsuit or claim. Claimant further objects to Part V to the extent that it requires Claimant to compile or summarize information made available to Debtor that is obtainable with equal or greater facility by the Debtor. Subject to and without waiving the foregoing objections, the information responsive to this request may be derived from the documents attached to Claimant's Questionnaire, including, where available, Claimant's Work History Sheet, Claimant's Answers to Interrogatories filed in connection with Claimant's Asbestos Lawsuit ("interrogatory responses") and the work history sheets of some of Claimant's coworkers. In addition, Claimant has attached to the Questionnaire a List of Parties Against which a Lawsuit or Claim was Filed ("List of Parties").

PART VI: EMPLOYMENT HISTORY

Claimant objects to Part VI on the ground that it is unduly burdensome and harassing and it would require a great amount of time, labor and expense to complete this section of the Questionnaire in the format requested by Debtors. Claimant further objects to this question because it requires Claimant to compile or summarize information from Claimant's Social Security records that is obtainable with equal or greater facility by the Debtor. Claimant further objects to providing information, including but not limited to, the occupation and industry codes for employers or jobsites where Claimant has not alleged any asbestos exposure as it exceeds the scope of permissible discovery in that it is not relevant to the subject matter of the estimation proceeding, nor reasonably calculated to lead to admissible evidence therein, and is harassing to Claimant.

Subject to and without waiving the foregoing objections, the information responsive to this request may be derived from the documents attached to Claimant's Questionnaire, including, where available, Claimant's Itemized Statement of Earnings prepared by the Social Security Administration, Claimant's Work History Sheet, and Claimant's deposition, if available.

PART VII: LITIGATION AND CLAIMS REGARDING ASBESTOS AND/OR

Subsection a. - Litigation

- Claimant objects to Part VII, Subsection a, question 1 as it is overly broad in that it is not limited to asbestos-related personal injury lawsuits; and further, it is not limited to the lawsuit in which Debtor was sued. Claimant responds to this entire Subsection a (questions 1 through 7) as if the question were so limited. Claimant further objects to this subpart to the extent that it requires Claimant to summarize information made available to Debtor that is obtainable with equal or greater facility by the Debtor, or that is actually attached to this Questionnaire. Responding to Part VII, Subsection a in the format in Debtor's Questionnaire is harassing and unduly burdensome. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto. Claimant's counsel does not represent Claimant in a lawsuit regarding silica.
- 2. Claimant objects to Part VII, Subsection a, question 2, to the extent that it requires Claimant to compile or summarize information made available to Debtor that is obtainable with equal or greater facility by the Debtor. Claimant further objects to this subpart as it is overly broad in that it is not limited to asbestos-related personal injury lawsuits. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.
- 3. Claimant objects to Part VII, Subsection a, question 3 on the ground that it is harrassing in that Grace knows equally as well as Claimant whether or not it was named as a defendant in Claimant's lawsuit, if any. Claimant objects to this subpart as it is overly broad in that it is not limited to asbestos-related personal injury lawsuits. Further, Claimant objects to this subpart on the ground that it exceeds the permissible scope of discovery in that it seeks information that is not relevant to the estimation proceeding, nor reasonably calculated to lead to admissible evidence therein. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.
- 4. Claimant objects to Part VII, Subsection a, question 4 on the ground that it seeks information that is neither relevant, nor necessary to the estimation proceeding, nor reasonably calculated to lead to admissible evidence therein. Whether a particular defendant has been dismissed has no bearing on Debtor's several share of the liability. Additionally, Claimant objects on the ground that it is unduly burdensome to provide the basis for dismissal for each of the dismissed defendants, if any. Claimant further objects to this subpart as it is overly broad in that it is not limited to asbestos-related personal injury lawsuits. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.
- 5. Claimant objects to Part VII, Subsection a, question 5 on the ground that it exceeds the scope of discovery in that it seeks information that is not relevant, nor necessary to the estimation proceeding, nor reasonably calculated to lead to admissible evidence therein. The existence and amount of any verdict or

WR GRACE PIG ERASE COMO

judgment against any defendant other than Debtor has no bearing on C several share of the liability. Claimant objects to this subpart as it is on that it is not limited to asbestos-related personal injury lawsuits. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.

6. Claimant objects to Part VII, Subsection a, question 6 and each of its subparts regarding settlements reached in the lawsuit as it exceeds the permissible scope of discovery in that it is not relevant to the subject matter of the estimation proceeding, nor reasonably calculated to lead to admissible evidence therein and requests privileged or confidential information. Specifically, the terms of the settlement agreements, if any, including the settlement amounts, if any, are irrelevant to an aggregate estimate of Debtor's liability. Claimant further objects to this subpart as it is overly broad to the extent that it seeks information beyond asbestos-related personal injury lawsuits. Settlements with other defendants are irrelevant to Debtor's several share of the liability, and Debtor would get a set-off or credit for such settlements only for the cases that were tried all the way to judgment, which clearly will not happen in the context of the present proceeding. Further, for a majority of defendants, any settlement agreements are subject to a confidentiality agreement.

Claimant specifically objects to providing the "disease or condition alleged" and the "the disease or condition settled" (Part VII.a.6(c) and (d)) on the ground that it is ambiguous and harassing. Claimant filed a lawsuit alleging Claimant suffered injuries proximately caused by Claimant's exposure to asbestos-containing products designed, manufactured and sold by the Defendants named in the lawsuit, and any settlements were related to those allegations. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the List of Parties attached hereto. Claimant has provided information regarding the status of his/her claim against the Defendants named in Claimant's Asbestos Lawsuit in the attached List of Parties.

7. Claimant objects to Part VII, Subsection a, question 7 on the ground that it is overly broad and unduly burdensome. Further, Claimant's deposition testimony is duplicative of information already provided herein. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.

Subsection b - Claims

1. Claimant objects to Part VII, Subsection b, question 1 as it exceeds the permissible scope of discovery in that it is not relevant to the subject matter of the estimation proceeding, nor reasonably calculated to lead to admissible evidence therein, and requests privileged or confidential information. Claimant further objects that responding to Part VII, Subsection b in the format in Debtors' Questionnaire is harassing and unduly burdensome. Additionally, Claimant objects on the ground that this question is overly broad in that it is not limited to asbestos-related personal injury claims. Claimant responds to this entire subsection b (questions 1 through 7) as if the questions were so limited. Subject to and without waiving the foregoing, Claimant has provided information regarding the status of his asbestos claim against any asbestos trust in the attached

List of Parties.

- Claimant objects to Part VII, Subsection b, questions 2, 3 and 4 on the ground that it seeks information that is neither relevant, nor necessary to the estimation proceeding, nor reasonably calculated to lead to admissible evidence therein. The date and entity against whom a claim was submitted has no bearing on Debtor's several share of the liability. Additionally, Claimant objects on the ground that this question is overly broad in that it is not limited to asbestos-related personal injury claims. Subject to and without waiving the foregoing, please see the attached List of Parties.
- 3. Claimant objects to Part VII, Subsection b, questions 5 and 6 regarding settlements with an asbestos trust as it exceeds the permissible scope of discovery in that it is not relevant to the subject matter of the estimation proceeding, nor reasonably calculated to lead to admissible evidence therein, and requests privileged or confidential information. The settlement amounts are not relevant to an aggregate estimate of Debtor's liability or to Debtor's several share of the liability. Additionally, Claimant objects on the ground that this question is overly broad in that it is not limited to asbestos-related personal injury claims. Subject to and without waiving the foregoing, Claimant has noted the settled claims on the attached List of Parties.
- 4. Claimant objects to Part VII, Subsection b, question 7 on the ground that it seeks information that is neither relevant, nor necessary to the estimation proceeding, nor reasonably calculated to lead to admissible evidence therein. Whether a particular defendant has been dismissed has no bearing on Debtor's several share of the liability. Additionally, Claimant objects on the ground that it is unduly burdensome to provide the basis for dismissal for each of the dismissed defendants, if any, and it is overly broad in that it is not limited to asbestos-related personal injury lawsuits. Subject to and without waiving the foregoing, please see Claimant's Questionnaire responses and the documents attached hereto.

PART VIII: CLAIMS BY DEPENDENTS OR RELATED PERSONS

Claimant objects to Part VIII on the ground that information regarding dependents or related persons who sued the Debtors before April 2, 2001 is equally available to Debtors. Subject to and without waiving the foregoing, Claimant has provided information regarding Claimant's spouse where available. Please see attached interrogatory responses and Debtors' own records for information regarding dependents.

QUESTIONNAIRE RESPONSES

Claimant hereby incorporates by reference all of the foregoing general and specific objections into Claimant's Questionnaire responses and has provided the following responses subject to those objections. Because the burden of deriving or ascertaining the answer is substantially the same for Debtor as for Claimant, Claimant has specified in Claimant's Questionnaire response the document(s) from which the answer may be derived, including but not limited to Claimant's medical records, Claimant's Work History Sheet (referred to in the Questionnaire response as "WHS"), Claimant's Answers to Interrogatories filed in connection with Claimant's Asbestos Lawsuit (referred to in the Questionnaire response as "interrogatory responses"), work history sheets of Claimant's coworkers (referred to in the Questionnaire responses as "Coworker WHS"), Claimant's Itemized Statement of Earnings prepared by the Social Security Administration (referred to in the Questionnaire responses as "Statement of Earnings") and Claimant's deposition. In addition, Claimant has compiled information responsive to the Questionnaire in the attached List of Parties Against which a Lawsuit or Claim Was Filed (referred to in the Questionnaire responses as "List of Parties").

Dear Claims Processing Agent:

Enclosed please find a CD-ROM containing "Claimant's Objections and Responses to the W.R. Grace Asbestos Personal Injury Questionnaire" and Questionnaire Responses for each of the 386 Claimants listed on the attached Exhibit 1. Because the burden of deriving or ascertaining answers for certain questions is substantially the same for Debtor as for Claimants, Claimants have specified in their Questionnaire responses the document(s) from which the answers may be derived. Due to the volume, these documents are not attached to the Questionnaire but will be made available for inspection and/or copying in the Dallas offices of LeBlanc & Waddell, LLP during reasonable office hours upon reasonable notice.

Should you have any questions or concerns regarding the enclosed documents please do not hesitate to contact me at (214) 874-7000.

Sincerely,

LEBLANC & WADDELL, LLP
